Additional Plan / Project-Specific Information

This Urban Wildlife Damage Abatement and Control grant application is for assistance with:

- ☐ **A. Urban Wildlife Damage Abatement and Control plan description / scope.** Describe the plan as listed in item I, and all individual components; include personnel responsible for planning, coordination, and implementation. (Attach extra sheets if necessary.)

The completed plan must include:

1. Public input process conducted by the municipality to establish the need for urban wildlife population control;
2. Need for urban wildlife control, re: public concern over nuisance, health, human safety, property or crop damage;
3. Population monitoring procedures used to establish estimates of local deer or goose numbers;
4. Desired population goal;
5. Approved department methods to be used.

- ☐ **B. Urban Wildlife Damage Abatement and Control project description / scope.** Describe the project as listed in item II, and all individual components; include personnel responsible for planning, coordination, and implementation. (Attach extra sheets if necessary.)

Plan or project completion timetable: (Be as specific as possible, attach extra sheets if necessary.)

Anticipated dates for meetings, research, consultations, and/or hearings:

Event	Date	Event	Date
Event	Date	Event	Date

Date of final decision on plan or project

Dates for implementation of plan or project:

Event	Date	Event	Date
Event	Date	Event	Date

Submittal date of final plan or report to DNR

Attachments

Attach a map of project area and geographical extent of damage.

Attach a formal resolution which:

1. Authorizes the grant application;
2. Expresses the municipality's intent to carry out all proposed activities described within the application and identifies the authorized representative for the proposed plan and/or project;
3. Grants Department employees access to inspect all planned operations proposed in the application;
4. Commits the municipality to maintain appropriate records to document all expenditures made during and for the Urban Wildlife Damage Abatement and Control program, and to submit to the Department a final report describing all urban wildlife damage control program activities, achievements, and problems, comparing the activities and objectives proposed in the municipality's grant application;
5. Commits the municipality to complete the control plan within one year of the date the grant was signed, or implement the approved project within 2 years of the date the grant was signed, otherwise the Department may terminate the grant, and the grantee shall repay the Department its grant money that was not spent or that was inappropriately spent plus interest at 5% annually accrued within three years of the date the grant agreement was executed.

Applicant Certification

I certify that all information provided is true and correct under penalty of law. I certify that the municipality has a Department of Natural Resources approved wildlife population control plan, or will work with the DNR in order to develop it.

Authorized Representative Signature
